HACKER ™

ACTIVISION ®

TEMPTATION.

To stumble into somebody else's computer system. To be someplace you're really not supposed to be. And to get the

get to start with. That's it. From there, it's up to you. If you're clever enough and smart enough, you could discover a world
HACKER ™

strange feeling that it really does matter. "LOGON PLEASE:" is all you

you've never before experienced on your computer. Very tempting.

YET ANOTHER TEMPTATION.

HACKER HINTS

It's about the instructions for Hacker. There aren't any. (After all, if you really accidentally stumble into someone else's computer system, no one will be there to help you.)

If you get <u>really</u> stuck, we can provide a set of "Hacker Hints." (Details on enclosed card.) However, this is a temptation you should resist, if you can.
